provides the best chance for survival. We are pleased to support Doylestown Health Connections with this important program.”

(April 18, 2018) – Warminster, PA – Drs. Mathew P. Cherian and Larry Stone, family and cosmetic dentists with an office in Doylestown, PA, provided oral cancer screenings to area residents at the Warminster ShopRite on April 18, 2018. The screenings were provided as part of Doylestown Hospital's Health Connections Program, a community outreach program initiated with ShopRite in 2013, which the dental practice has participated in since inception.

“Oral cancer can be very difficult to treat and cure,” noted Dr. Cherian. “Early detection can
