**DR. LAURENCE STONE PUBLISHES ARTICLE IN
GENERAL DENTISTRY MAGAZINE**

December, 2008 – Doylestown, PA - Laurence Stone, D.D.S., M.A.G.D., with a Doylestown-based practice in Cosmetic and General Dentistry recently published the article “Bilateral Symmetrical Hyperdontia – A Case Report” in the July/August edition of General Dentistry magazine.

Dr. Stone’s article focused on a rare occurrence of supernumerary teeth – the presence of teeth beyond the normal complement. In addition to defining supernumerary teeth, Dr. Stone provided information on an unusual case regarding this condition and highlighted the importance of correct diagnosis and treatment should it occur.

General Dentistry is the peer-reviewed, scientific journal of the Academy of General Dentistry.
